

Theme: Culinary Diversity  
and Health: A Global Perspective

7<sup>th</sup> International Conference on  
**Food & Nutrition**

**29<sup>th</sup> – 30<sup>th</sup>**  
**JUNE 2024**

*Hybrid Conference*  
**Malaysia**

**Organized By:** Universal Society of Food and Nutrition (USFN)

## About Conference

Universal society of Food & Nutrition(USFN)organizes **“7<sup>th</sup> International Conference on Food & Nutrition (7<sup>th</sup> ICFN)” on 29<sup>th</sup> & 30<sup>th</sup> June 2024 at Malaysia**, Hybrid with a unique theme of **“Culinary Diversity and Health: A Global Perspective”**. The primary goal of the conference is to bring together an exclusive global university, Current advances, and research in the subject of food science and nutrition will be shared, providing participants with significant knowledge, trends, and experience from specialists in the field. This global conference also discusses breakthroughs, issues, practical challenges encountered, and solutions.

7<sup>th</sup> ICFN focuses on the latest research and trends in the food and nutrition wellness area, and its application in practices. 7<sup>th</sup> ICFN welcomes all the researchers, industrialists, young scientists as well as students, and corporate delegates to participate and to have a great experience.

This eminent scientific gathering will feature a wide variety of captivating, thought-provoking keynote speeches, invited lectures, oral and poster presentations by illustrious individuals from all over the world in the field of clinical and applied microbiology.

We anticipate that you'll will be using this conference to deepen existing bonds and forge new ones with your global colleagues. Because individuals from all over the world are interested in learning about emerging trends and advances in the food & nutrition field, this is your best chance to interface with the most members of the scientific community.

## About USFN

- The Universal Society of Food and Nutrition (USFN) is a professional organisation dedicated to study and development in the subject of food and nutrition. USFN is a world-class organisation that has ushered in a technological revolution and long-term development in the field of food and nutrition.
- USFN is a platform where innovations and research interests can be fostered and developed while prioritising our shared interests. Our forums and associates are made up of professional leaders, universities, organisations, and associations who have come together with the goal of working as wizards of science to safeguard the planet.
- USFN forms agreements with colleges, universities, professional groups, societies, and organisations around the world to operate our local chapter functions. USFN is a renowned publisher of research publications in high-quality peer-reviewed journals, proceedings, and research magazines.
- We work with a motto of creating a better tomorrow by organizing conferences and creating a network which will lead to a better tomorrow with the help of advanced technology, thus helping achieve sustainable development.

# Sessions and Tracks

## Technology And Culinary Innovation

- Food biotechnology and genetic engineering
- 3D printing in food production
- Traceability technology in supply chains
- Artificial intelligence in meal planning
- Packaging innovations for food preservation
- Sustainable packaging materials
- Food delivery apps and their impact
- Impact of Food Marketing and Advertising
- Food Nanotechnology
- Single Cell Protein
- Enzyme Technology
- Biofilms, Edible Coatings & Films
- Alternative Protein

## Food Safety and Hygiene Practices

- Hazard Analysis and Critical Control Points (HACCP)
- Foodborne illness prevention strategies
- Safe food handling techniques
- Proper storage and refrigeration guidelines
- Importance of sanitation
- Regulations on food labeling and packaging
- Quality assurance in food production
- Emerging pathogens and food safety risks
- Food safety education for consumers
- Global initiatives for food safety improvement
- Impact of food allergies on dietary choices

## Nutritional Diversity & Cultural Influences

- Functional foods
- Traditional superfoods from around the world
- Nutrient bioavailability and food combinations
- Plant-based vs animal-based diets
- Importance of a balanced diet
- Impact of processed foods on nutrition
- Traditional cooking techniques
- Culinary heritage preservation
- Fusion cuisine and its evolution
- Street food culture and its significance
- Historical influences on modern cuisine
- Indigenous food systems and practices
- Nutraceuticals & dietary supplements

## Global Food Security

- Challenges in food distribution and access
- Sustainable agriculture practices
- Food waste reduction strategies
- Impact of climate change on food production
- Food sovereignty movements
- Urban farming and community gardens
- Technological innovations in farming
- Carbon footprint of different diets

## Traditional Medicine, Dietary Patterns And Health

- Ayurveda and food as medicine
- Indigenous medicinal plants and herbs
- Fermented foods for gut health
- Culinary herbs and their health benefits
- Integrative approaches to health and nutrition
- Mindful eating practices
- Holistic wellness and culinary traditions
- Mediterranean, Japanese, Nordic, Okinawan diet
- Blue Zones and lifestyle factors
- Plant-forward diets and disease prevention
- Ketogenic diet, Gluten-free, Low-carb diets
- Intermittent fasting and metabolic health.
- Veganism: Plant Based Food
- Fermentation Technology
- Probiotics & Prebiotics

## Public Health Implications

- Nutritional Epidemiology
- Cultural Diversity Guidelines
- Malnutrition Interventions
- Chronic Disease Management
- Maternal and Child Health
- Health Promotions
- Disease Preventions
- Urbanization and Culinary Health Challenges
- Foods & Gut Health

## Keynote Speakers

**Prof. Dr. Farooq Anwar**

Professor  
Department of Food Science  
Faculty of Food Science and Technology  
Universiti Putra Malaysia  
Malaysia

**Mr. Widya Putra**

Chief Executive Officer (CEO)  
Meatless Kingdom  
Indonesia

**Dr. Dilip Ghosh**

Director  
Nutriconnect  
Sydney, Australia

**Prof. Mrs. B. Andallu**

Honorary Professor  
Dept. of Food and Nutritional Sciences  
Sri Sathya Sai Institute of Higher Learning,  
India

**Dr. Ir. Joni Kusnadi**

Director of Halal Inspection  
Institute,  
MS Technical Manager of Central  
Laboratory of Life Sciences,  
Lecturer of Food Science & Technology  
Universitas Brawijaya, Indonesia

**Dr. Kanimolli Arasu**

Dietician & Senior Lecturer  
International Medical University,  
Malaysia

## Registration

### Physical Registration Fee

Category	USFN Members	Non-USFN Members	
		Early Bird	Standard
Students (UG/PG)	329 USD	349 USD	379 USD
Delegates	349 USD	369 USD	399 USD
Students (UG/PG) – With selected Scopus Journal	599 USD	619 USD	649 USD
Delegates – With selected Scopus Journal	699 USD	719 USD	749 USD
Listener/ non-presenter	189 USD	199 USD	229 USD

### Virtual Registration Fee

Category	USFN Members	Non-USFN Members	
		Early Bird	Standard
Students (UG/PG) – With selected Scopus Journal	549 USD	569 USD	599 USD
Faculties / PhD – With selected Scopus Journal	649 USD	669 USD	699 USD
Listener/ non-presenter/ Presenter without publication	79 USD	89 USD	99 USD

**REGISTER NOW**

Registration Link

**Abstract Submission**

20<sup>th</sup> May 2024

**Early bird Registration**

15<sup>th</sup> May 2024

**Full Paper Submission**

29<sup>th</sup> May 2024

**Standard Registration**

10<sup>th</sup> June 2024

## Program Highlights

- ▶ Interact and connect with Global experts
- ▶ Global Networking
- ▶ Best Presentation Awards
- ▶ Downloadable E-Certificates
- ▶ Opportunity to present your research paper at a global platform.
